糖芥属一新组和新系

A NEW SECTION AND A NEW SERIES OF ERYSIMUM L.

具苞组 新组

Sect. **Bracteatum** Kuan, sect. nov.

Flores omnes vel saltem inferiores I—2-bracteati.

Typus sectionis: *Erysimum bracteatum* W. W. Smith

紫花系 新系

Ser. **Purpurea** Kuan, ser. nov.

Caules abbreviati; flores purpurei.

Typus series: *Erysimum chamaephyton* Maxim. (species unica)
